Hi Keith,

Here is the summary of public and SACC comments for TCE. Please let me know if there is anything else that we can do for you.

Nikki, we are ready to start on the next chemical (asbestos, perc) whenever you are.

Have a great weekend!

Thanks,  
Teresa

Hi Keith,

Here is a list of the topics (headers) by charge question. It looks like we are on track to deliver the TCE comment summary later today.

Please let me know if you have any questions.

Thanks,  
Teresa

Hi Keith,

We are still tweaking the headers in the TCE comment summary. I should be able to provide a list for you by Friday.

I've attached the latest version of the category binning document. The only place where a category moved (that I am aware of) is "confidence summaries". The previous version had this topic under CQ 7. However, this topic is specifically addressed in CQ 6.5 and was therefore placed under CQ 6.

Again, this list was used as a starting point by our staff. In general, the headers were tailored (made more specific) to be relevant to the comments received. Also, we added some additional topics, where needed, when the proposed list did not cover the submitted comments.

Thanks,  
Teresa

Teresa,

During last week's checkin call you mentioned sending the breakdown of headers by charge q for the TCE RtC. Please send that when you have the chance.

Additionally, let me know if any changes were made to the category binning (last update attached).

Thanks
